DIRECTORIO DE SOCIEDADES GEOCIENTÍFICAS s.I. **EN AMÉRICA LATINA Y EL CARIBE**

El presente documento ha sido preparado por la División Ciencias de la Tierra de la Oficina Regional de Ciencia de la UNESCO para América Latina y el Caribe (UNESCO-Montevideo) reuniendo información de varias fuentes. No es posible garantizar su exactitud. Con gusto se reciben sugerencias para su corrección / incorporación de nuevos datos (por favor enviar nota electrónica a geo@unesco.org.uy).

El sitio web de la División referida (<http://www.unesco.org.uy/geo/index.html>) incluye otros Directorios / Bases de Datos de América Latina y el Caribe, por ejemplo sobre Facultades / Departamentos de Geociencias, Servicios Geológicos, Ministerios de Minería y Medio Ambiente, Observatorios Sismológicos, Volcanológicos y Geodésicos, Museos de Geociencias y Redes Geocientíficas.

Nota: se incluyen sociedades geocientíficas s.I. internacionales y de fuera de la región (fuera de América Latina y el Caribe) así como otras instituciones de interés al final de este documento.
